About Fayyaz K

DJ Fayyaz K, owner of Pez Productions, has become one of the most desirable talents in Calgary.

Building on his 17 years of experience working for promoters and club owners, Fayyaz continues to amaze, dropping captivating track compilations for thousands of people. Having been known to “never leave a dance floor empty,” he has become one of Calgary’s most reputable and sought-after DJ’s. His track record has catapulted his award-winning company Pez Productions into a go-to favourite for events and recognized as one of the most prestigious DJ companies in Calgary.

Having realized a passion for music at an early age, Fayyaz’s interest in DJing came from listening to Chris Sheppard’s Pirate Radio. Inspired by local talents Troy Allen and DJ Gemini, as well as global moguls Tiesto and Paul Van Dyk, Fayyaz worked his way into the industry from the bottom, investing time to learn the ropes.

Originally named DJ Pez, Fayyaz got his first big break on New Year’s Eve 2001, playing for a sold-out crowd of 8,000 people at the Hyatt’s Black and White NYE Gala, and upcoming radio station Vibe 98.5 took notice. Since then, Fayyaz has shared the stage alongside hot acts such as Nelly, Shawn Desman, Linkin Park, Limp Bizkit, Jermaine Dupri, 112, Jagged Edge, Da Brat, Noreaga, Eve, Lil’ Flip, Keshia Chante, City High, and Soul Decision.

By 2007, Fayyaz was ranked as one of the top three best mobile DJ’s in Calgary, encouraging him to start his own DJ company, Pez Productions the following year. By 2009, Fayyaz had successfully played all of the hot spots in Calgary, including: The Whiskey, Flames Central, The Palace, Habitat, The Bank, Tantra, The BMO Center and The Warehouse, as well as Tequila, Crazy Horse, Mynt, Lucky, Coyotes, Outlaws, Cowboys, Metro, Ceili’s, TEN and West.

2010 proved to be a new pinnacle in Fayyaz’s DJ career, landing opportunities to open for world famous DJ acts Calvin Harris, Myon and Shane 54, and Tritonal. The following year allowed Fayyaz more opening spots for global DJ acts such as Tydi, Ronski Speed, Jochen Miller, Alex Kidd and The Noise Controllers, and powerhouse acts like Dash Berlin, Judge Jules, Stoneface and Terminal, Scot Project, and Sander van Doorn. In the years following, he continued to open for respected artists, adding Shogun, Starkillers and world-famous vocalist Nadia Ali to his repertoire.

Fayyaz was certified as an official Emulator Artist in 2013. Using a state-of-the-art transparent touchscreen that infuses a traditional DJ

experience with revolutionary technology, it uniquely allowed his audiences to interact with him directly, creating an intimate event experience. Fayyaz is one of only two certified Emulator artists in all of Western Canada and one of six in Canada.

Due to the demands of his rapidly growing company in 2014, DJ Fayyaz decided to specialize in private parties and exclusive events.
